Executive Summary:

Summary Text:

 Standard DI substantive brief. In what largely became a QnA session, at Ms. Wilson's request DI briefers provided intelligence overview to some 15 Republican members. Briefers reviewed recent developments pertaining to Kosovo focusing on the UCK and the general state of fighting. Briefers noted that we expected a major offensive in the near term. Responding to members questions on the topic, briefers noted that a limited air campaign would have little impact on the Serbs. Members were thankful for the overview. I expect Ms. Wilson to be a keen consumer and requester of DI intel. No difficult issues or interactions with the Hill to note. At staff request, immediately following the session with the members briefers ran through the same briefing for interested minority staff. No follow-up required.
